Foreword

Illinois Shorthorn breeders lead those of all other states in the character of bulls at the head of their herds and hence in the type and quality of their productions. In this catalog there are pictures of sixteen of the great bulls that head the herds of the breeders who are consigning to this sale. If they were available, the pictures of the sires of the other cattle that will be sold would be just as impressive.

The females that have produced the Shorthorns that will be sold in this sale are of just as high quality and of as rich breeding as are the bulls that sired them. It is by mating such bulls to such females that the type and quality of the breed improves. The cattle in this sale were selected by their owners to exemplify the best specimens produced in their respective herds and committees of experts have inspected the various lots and have accepted them as being of quality and type properly to represent the breed.

Wherever the best of Shorthorns are produced, there you will find Illinois breeders selecting foundation stock and sires with which to head their herds. The bull pictured below, on this page, is an example of one that was procured recently by an Illinois breeder, from Scotland to be used as a herd bull. There are two beautiful heifers in this sale that are with calf by this good young bull. These are typical of what one will find in this sale. They bear out the slogan of the Illinois Shorthorn Breeders' Association, "You can buy with confidence in Illinois."

GLASTULLICH CELTIC 2358278 (Imp.)

This great young bull was purchased by Les Mathers, in Scotland last year, for his Leveldale herd bull. The bull was sired by the famous Lawton President Roosevelt and is out of a red Rosewood cow that was by Calrossie Reliance. Calrossie Reliance was by Calrossie Randolph and out of the dam of Calrossie Mercury. The heifers that are Lots 22 and 29 in this catalog are safely with calf by Glastullich Celtic (Imp.).

Edellyn Royal Leader 44th is an extremely typey calf and we consider him the best prospect we have ever sent to a state sale. His sire, Edellyn Royal Leader 16th, was the first prize junior bull calf at the 1945 Denver Show and has been considered to be one of Edellyn Royal Leader's outstanding breeding sons. This calf's dam is a very thick, short coupled, low-set cow by an outstanding breeding son of the Perth champion Calrossie Mercury (Imp.). His granddam is a full sister to the junior champion at the 1941 International. This pedigree will stand studying.

SHORTHORN STEERS made a clean sweep of the *GRAND AND RESERVE GRAND CHAMPIONSHIPS* over 1,425 head of all breeds at the 1946 Chicago International Livestock Show. They went on to win the champion three-steer and get-of-sire groups over all breeds for the first time in the 47-year history of the International, when one breed monopolized single and group championships. The Grand Champion later sold at a new all-time record for the Chicago International of \$10.50 a lb. to total \$14,490 to the Firestone Tire and Rubber Co., Akron, Ohio. He immediately began a 22,000 mile educational tour of the country in a \$12,000 specially constructed trailer. Watch for notice of these exhibitions in your territory. (The Shorthorn steer,

Tomahawk, was Grand Champion of the 1945 Chicago Fat Stock Show and set the then International record of \$10 a lb.)

Shown above (left) is the Grand Champion, ROYAL JUPITER; (right) the Reserve Grand Champion, WYOMING CHALLENGER STANDARD; and (below), the winning three-steer group including the reserve grand champion.

These steers demonstrate the well-established Shorthorn profit characteristics combining greater weight with modern type and choice quality conformation. The Grand Champion steer weighed 1,380 lbs. at 22 months of age. *Extra pounds produce extra profits. REMEMBER—Shorthorns, Best in Every WEIGH!*
